MASTER PALM® RUBBER BACKING PADS

Master Palm rubber backing pads are used by its sanders and polishers. A backing pad is a rubber disc which is secured to a spindle which in turn is attached to a sander or a polisher which rotates the spindle. An abrasive disc or polishing disc is secured to the backing pad.

Rolock Backing Pad

Rolock backing pad provides quick-change of different types of discs used for sanding and polishing. Just mount the accessory disc to the backing pad directly.
